

City & Guilds High Risk Confined Spaces

Who should attend?

This course is suitable for anybody who will be working in, or at, a confined space where the risk assessment has classified the confined space as high risk.

Course Aims & Objectives

This qualification covers use of self-contained breathing apparatus as part of the planned means of self-rescue at NC2, NC3 and NC4 confined space entries.

By the end of the course delegates will be able to:

- Carrying out pre-use checks
- Using self-contained breathing apparatus
- Carrying out post hygiene routines

Course Outline

Delegates will be required to demonstrate the ability to:

- Select equipment
- Check operational condition
- Don and use compressed air breathing apparatus
- Effect an emergency evacuation of a confined space wearing breathing apparatus as part of a planned means of self-rescue
- Check and carry out user maintenance
- Follow safe working procedures

Certification

On successful completion of the course, candidates will be issued with a photo ID card and a City & Guilds Certificate which is valid for three years.

Duration

3 Days

Location

Bury St Edmunds
