

Signing, Lighting and Guarding

Who should attend?

The course is for operatives who are required to set up signing, lighting and guarding equipment on highways.

Course Aims & Objectives

The aim of the course is to provide delegates with the knowledge and understanding of the legal requirements to enable them to set out Signing and Guarding on the highway.

By the end of the course delegates will be able to:

- Survey the work site
- Protect pedestrians from vehicular traffic and site personnel
- Provide temporary traffic control

Course Outline

- Legal requirements
- Types of Works
- Basic principles of signing and guarding
- On-site risk assessment
